

GARDEN CENTRES / INDEPENDENT RETAILERS

Plant care, refined.

A coordinated plant-care collection, from everyday liquid feeds to granules, soluble nutrition and CEON NUTRITAB tablets.

Illustrative pack designs. Final formulations, labels, packs and availability are agreed before supply.

Our collection. Your own brand.

Choose HOLMERE and NUTRITAB, or create products carrying your garden centre's name and logo. Manufacture, packaging and supply coordinated by CEON.

Twelve products. Four formats.

Eleven HOLMERE products plus CEON NUTRITAB. Choose the products that suit your store; smaller selections can be discussed.

01 LIQUID PLANT CARE

All Purpose	500 ml / 1 L
House Plants	250 ml
Orchids	250 ml
Tomato & Vegetable	500 ml / 1 L
Seaweed Tonic	500 ml

02 GRANULAR FEEDS

Rose & Shrub Granules	1 kg
Lawn Feed Granules	2.5 kg

03 WATER-SOLUBLE FEEDS

All Purpose Soluble	500 g / 1 kg
Flower & Fruit Soluble	500 g / 1 kg
Ericaceous Soluble	500 g / 1 kg

04 TABLET NUTRITION

CEON NUTRITAB	250 g retail proposal
----------------------	-----------------------

Pack sizes are proposals, confirmed in your quotation. The opening selection is an assortment guide, not a minimum-order bundle. Minimum quantities depend on product, packaging and production run.

Explore the selection and request trade terms →

More ways to feed.

Choose the format that fits the plant, the customer and the application.

GRANULES

Beds, borders and lawns

All Purpose, Rose & Shrub and Lawn Feed. Standard and controlled-release options can be selected for the intended growing programme.

For a sourced controlled-release product, the release period and operating conditions follow its own technical specification.

WATER-SOLUBLE

Dilute before feeding

All Purpose, Flower & Fruit and Ericaceous feeds. Powder or crystal formulations, with measuring and use instructions matched to the formula.

Illustrations show 500 g cartons. A 1 kg format can also be considered. Final pack type and size are agreed with your quotation.

CEON NUTRITAB

A tablet option alongside HOLMERE.

For pots, containers and planting programmes. Ask about the 250 g retail pack proposal, tablet size, current composition and product-specific use guidance.

All pack images are design concepts.

Your name. Your range.

CEON coordinates manufacture, packaging and supply of plant-care products under your own garden-centre name and logo.

01 Select your products

Choose liquids, granules, soluble feeds or tablets. Share intended uses, outlet numbers and estimated units per product.

02 Agree the packaging

Plan your logo, label, pack sizes and case quantities. Review samples and the technical information for your delivery market.

03 Confirm your supply plan

Agree the final specification, minimum quantities, pricing and lead time before production or an order is confirmed.

BEYOND THE OPENING SELECTION

The wider HOLMERE collection has 16 products: 10 liquids, 3 granular feeds and 3 soluble feeds. Additional liquids: Roses, Citrus, Lawn, Cal-Mag and Root Boost. NUTRITAB is a separate CEON product.

SUPPLY TO ORDER

Supply is arranged from Türkiye and other international sources. There is no ready UK or Northern Ireland stock. Availability, documentation and delivery terms are confirmed for the selected products and destination.
